

JPO/IPR Training Program for 2016

INTRODUCTION

Recent years, R&D and business activities are becoming increasingly global and borderless, and the securing of Intellectual Property (IP) protection is becoming an extremely important issue worldwide. IP protection is a key factor in promoting foreign investment and technology transfer, as well as for boosting a nation's industrial development. Therefore, since 1996, the Japan Patent Office (JPO) has provided vigorous support for human resource education in order to reinforce the protection of IP in developing countries. It is funded by the JPO, while its operation is entrusted to JIPII and HIDA.
