Written opinion refers to a non-final assessment of the novelty, inventive step and industrial applicability of the claimed invention that is issued by participating AMS IP Offices. Examples of names of “written opinion” used in AMS are “written opinion” in Brunei, Singapore and the Philippines, and “adverse report” in Malaysia.

5: International Preliminary Examination Report/Written Opinions established by International Searching Authority or International Preliminary Authority (ISA/IPEA) in ASEAN. Currently, the IP Offices of the Philippines and Singapore are ISAs/IPEAs in ASEAN.

6: Applicants should indicate in the ASPEC Form the specific initiatives they are applying for. This helps monitoring of these requests in the subsequent IP Office.
